Delivered through the IEEE *Xplore*® Digital Library

NEW!

IEEE has partnered with Artech House to bring the Artech House eBooks to the IEEE *Xplore* digital library.

With over 700 titles dating back to 1999, Artech House eBooks provide today's professionals and students with cutting-edge data from the world's leading authorities. This collection provides essential information on a wide range of engineering areas with concentrated content applicable for students, researchers, and practicing engineers.

## Artech House eBooks Library delivers key benefits:

- Drive new ideas, designs, and applications with cutting-edge research
- Develop better solutions faster by understanding the technology landscape
- Accelerate innovation and patent development with convenient access to proven research all in one place
- Stay ahead of the technology curve with the latest information, authored by leaders in the field
- Increase productivity by reviewing previous research without having to reinvent the wheel

## Artech House eBooks Library content areas:

This collection of eBook titles emphasizes leading areas of research in telecommunication and related fields, such as:

- Antennas and Propagation
- Bioengineering
- Communications
- Electromagnetic Analysis
- Electronic Warfare
- GNSS Technology
- Intelligence-Information Ops
- Microsystems
- Microwave and RF Engineering
- Photonics
- Power Engineering
- Radar
- Remote Sensing
- Security and Privacy
- Sensors
- Signal Processing
- Software Engineering and IT
- Solid State Technology
- Space Technologies
- Telemedicine/Health

## Quick Facts

Access to over 700 titles, with up to 35 new titles introduced each year

Authors are from leading universities and have strong IEEE affiliations

Offers hard-to-find niche quality content as well as solutions in a wide range of engineering areas

Presents insights and answers to the toughest engineering challenges

Backlist to 1999

**Available as an add-on to existing subscriptions or as a stand-alone product:**

### Annual Subscription Option

Provides leased access to current year eBook titles, plus leased access to the backlist of more than 700 titles.

### Purchase Option with Perpetual Access\*

Provides perpetual access to current year eBook titles, plus perpetual access to the backlist of more than 700 titles. An option to expand the collection by purchasing new frontlist titles each year is also available.

\* Perpetual access to the collection is offered via IEEE *Xplore*

# Artech House eBooks Library

Delivered through the IEEE Xplore® Digital Library

## Access respected technology research that generates results

IEEE Xplore includes **top-ranked journals and technology research that is cited in patents three times more often than any other publisher**. With more than 5 million full-text articles and papers, IEEE Xplore is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

## Find relevant research faster with powerful search tools

The Artech House eBooks Library is searchable in IEEE Xplore by title, keyword, or subject, which will return all titles and eBook chapters relevant to your query. A title search allows users to view an eBook title's home page with table of contents linking to full-text chapters.

## IEEE Xplore also provides:

- More than 5 million documents in full-text PDF format, with more than two million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- INSPEC® abstract and citation records
- Mobile-friendly design
- Daily content updates

## About Artech House Publishers:

Artech House Publishers is an international press that has built a reputation among readers, authors, editors, and librarians worldwide as a source of trusted peer-reviewed publications in business, computer science, and engineering. Artech House maintains close relationships with technical advisors in academia and industry throughout the world, and these advisors provide technical reviews and recommendations on every manuscript submitted.
