

IEEE Proceedings Order Plans

IEEE *Xplore*[®] Digital Library Subscription Option

Explore emerging technologies with IEEE Conference Proceedings

IEEE Proceedings Order Plans—POP and POP All—provide full-text access to cutting-edge research papers from IEEE conferences. With research available first, often months in advance of the leading journals, IEEE offers valuable information in any technology field.

IEEE Proceedings Order Plans delivers key benefits for researchers:

- **Drive new ideas**, designs, and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Increase productivity** by reviewing previous research without having to reinvent the wheel
- **Accelerate innovation and patent development** with convenient access to proven research all in one place
- **Increase scholarly output** and new research development
- **Stay ahead of the technology curve** with the latest publications

Access research from leading technology conferences:

IEEE conferences continue to address growing areas of research that transform humanity. Here is a sampling of conferences published in 2020 covering innovative technologies:

- IEEE International Conference on Blockchain and Cryptocurrency (ICBC)
- 2020 3rd International Conference on Engineering: Machine Learning and Internet of Things (ICETCE)
- 2020 6th Conference on Data Science and Machine Learning Applications (CDMA)
- World Symposium on Artificial Intelligence (WSAI)
- International Conference on Artificial Intelligence and Big Data (ICAIBD)
- International Conference on Connected and Autonomous Driving
- 2020 International Congress on Human-Computer Interaction, Optimization and Robotic Applications (HORA)
- Global Internet of Things Summit (GloTS)
- IEEE International Conference on Cyber Security and Cloud Computing (CSCloud)
- IEEE International Conference on Power Electronics, Smart Grid and Renewable Energy (PESGRE2020)
- International Conference on Renewable Energies for Developing Countries (REDEC)

Quick Facts

Access the wide range of innovative technologies introduced at IEEE conferences:

Unlimited, full-text access to IEEE conference papers with backfile to 2010

More than 2 million papers available in POP All from all IEEE-sponsored annual conferences

Over 530,000 papers available in POP from approximately 100 IEEE conference titles in POP

Daily updates, with up to 200,000 papers added each year

Choose from two options:

IEEE Proceedings Order Plan (POP)

The core collection of IEEE conference proceedings from approximately 100 of IEEE's most important conferences. Full-text access with a backfile to 2010.

IEEE Proceedings Order Plan All (POP All)

Full-text online access to all IEEE-sponsored conference proceedings with a backfile to 2010.

For a custom quote, contact an IEEE Sales Representative.

IEEE Proceedings Order Plans

Delivered through the IEEE *Xplore*® Digital Library

Access respected technology research that generates results

IEEE *Xplore* includes top-ranked journals and technology research that is cited in patents three times more often than any other publisher. With approximately 5 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computing.

Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search features that make finding relevant research faster and more efficient.

Search: With a robust search engine, Basic, Advanced, and Author search options and a "Refine/Expand Results" module let users modify and find results more easily.

Personalize: Users can also personalize IEEE *Xplore* to create targeted saved searches and table of contents alerts, and set personal preferences.

New Features: These include improved discoverability of content including Featured Authors, Featured Articles, and News and Updates; new remote access options to ensure users are seamlessly connected to the content they need; the ability to download complete PDFs and issues for select content sets; and the option to follow your favorite IEEE author with new Author Alerts.

IEEE *Xplore* also provides:

- Approximately 5 million documents in full-text PDF format, with more than three million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- Abstract/citation and bibliographic records for subscribed content
- Mobile-friendly design
- Daily content updates

Get the latest research in a wide range of technologies

IEEE conference papers are packed with timely knowledge that enables engineers and researchers to take advantage of the latest methodologies and applications shaping industry today, in topics such as:

- Aerospace and Defense
- Biometrics
- Computer Hardware and Software
- Cyber Security
- Electronics
- Internet of Things (IoT)
- Medical Devices
- Nanotechnology
- Optics
- Power Engineering
- Robotics
- Semiconductors
- Smart Grid
- Telecommunications
- Wireless Technology
