

# IEEE Standards Select

## IEEE *Xplore*® Digital Library Subscription Option

### Maximize research and development with a customizable standards package

IEEE standards are used around the world to help industries and companies open business opportunities, generate public and customer trust, build order in the marketplace, and enhance safety. IEEE Standards Select lets you build an IEEE standards subscription that's just right for your company.

### IEEE Standards Select delivers key benefits for your research team:

- **Access to new and revised standards**, including draft standards
- **Increased productivity** by having all your standards in one place
- **Real-time updates** to the most vital standards in your industry
- **Subscription packages** available to fit your company's needs
- **Collaborate and share with colleagues**

### Choose standards in a variety of industries:

- |  |   |
|--|---|
| ▪ Design automation                                | ▪ Protective relaying                       |
| ▪ Electromagnetic capability                       | ▪ Smart grid                                |
| ▪ Energy development/power generation              | ▪ Software engineering                      |
| ▪ Health informatics/medical device communication  | ▪ Switchgear                                |
| ▪ Information technology                           | ▪ Telecommunications                        |
| ▪ LAN/MAN  | ▪ Testing, instrumentation, and measurement |
| ▪ Nuclear engineering                              | ▪ Transportation technology and many more   |
| ▪ Portable applications (POSIX)                    |   |
| ▪ Power transformers, distribution, and regulation |   |

### IEEE Standards Select Quick Facts

Help your researchers stay current with a customizable standards package:

Choose from more than 4,200 active, draft or archived IEEE standards

Note: does not include access to the IEEE Standards Dictionary Online, or the NESC® or Arc Flash families of standards

Automatic e-mail alerts on new standards and drafts

Search standards by subject, title, designation, and keywords using IEEE *Xplore*

Available in two purchase options:

- **Standards Select Lease:**  
Provides leased access to the number of standards you choose for one year
- **Standards Select Continued Access:**  
Provides continued access to the number of standards you choose as long as an active subscription is maintained\*

### Collaborate with the IEEE *Xplore* file cabinet

Share downloaded standards by storing them in a company-wide online file cabinet. Once each unique document is in the file cabinet, anyone in the company can access it without using another download.

**\*For a custom quote, contact an IEEE Sales Representative.**

## IEEE Standards Select: Delivered through the IEEE *Xplore*® Digital Library

### Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents three times more often than the nearest competitor**. With over 3 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

### Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more streamlined.

**Search:** Find the right standards easily by standards number or topic. Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module let you modify and find results easier than ever before.

**Personalize:** You can also personalize IEEE *Xplore* to create targeted saved searches and receive e-mail alerts or RSS feeds of new content updates.

### IEEE *Xplore* also provides:

- Basic, Advanced & Command search options
- IP and Shibboleth/Athens authentication
- INSPEC® abstract/citation and bibliographic records
- Persistent links (OPAC)
- Weekly content updates

### IEEE standards are valuable in a variety of areas, including:

- Product design
- Reference
- Compliance programs such as ISO 9001
- Purchasing specifications
- Legal & patent issues
- Safety requirements
- Maintenance
- Quality assurance
