

Now Publishers Foundations and Trends® Technology eBooks Library Delivered through the IEEE *Xplore*® Digital Library

IEEE has partnered with Now Publishers to bring the Foundations and Trends® Technology eBooks Collection to the IEEE *Xplore* digital library. This new collection of high-quality eBook titles provides a quick, trustworthy introduction to emerging topics in engineering and computer science. The collection includes 425 titles dating back to 2004, and is an exceptional resource for graduate students, corporate engineers, and researchers exploring a new topic or looking for a high-level introduction to a new subject area.

Foundations and Trends Technology eBooks Library provides key benefits:

- Provides short reviews and tutorials of approximately 150 pages in monograph form on important and timely topics
- Delivers information about the latest on emerging technologies, authored by leaders in the field
- Helps research departments and design teams understand and adopt new technologies faster
- Supplements textbooks with in-depth, up-to-date course material
- Quality content with several top 10 publications in Scopus SCImago SJR Rankings
- Three package options available:
 - Technology Collection—ALL content from both the Engineering and Computer Science Collections
 - Computer Science Collection—covers topics such as robotics, networking, and signal processing
 - Engineering/Energy Collection—covers topics such as machine learning, cybersecurity, and smart grid

Foundations and Trends Technology eBooks Library Quick Facts:

Access to 425 titles, with approximately 50 new titles introduced each year

Subject matter focuses on engineering, energy, and computer science

Backlist to 2004

Serve as the perfect supplement to textbooks

Gives practitioners early access to comprehensive overviews of new technologies

Available as an add-on to existing subscriptions or as a stand-alone product:

Annual Subscription Option

Provides leased access to current year eBook titles, plus leased access to the backlist of 425 titles.

Purchase Option with Perpetual Access*

Provides perpetual access to current year eBook titles, plus perpetual access to the backlist of more than 425 titles. An option to expand the collection by purchasing new frontlist titles each year is also available.

* Perpetual access to the collection is offered via IEEE *Xplore*.

Visit www.ieee.org/now-foundationsandtrends for a complete list of titles included in the collection.

Foundations and Trends eBooks Library content areas:

The collection of titles includes practical handbooks, introductory and advanced texts, reference works, and professional books with an emphasis on leading areas of research, such as:

Engineering Collection:

- Communications and Information Theory
- Computer Graphics and Vision
- Electric Energy Systems
- Electronic Design Automation
- Networking
- Optimization
- Robotics
- Signal Processing
- Systems and Control
- Technology, Information and OM

Computer Science Collection:

- Computer Graphics and Vision
- Databases
- Human-Computer Interaction
- Information Retrieval
- Information Systems
- Machine Learning
- Privacy and Security
- Programming Languages
- Theoretical Computer Science
- Web Science

Foundations and Trends eBooks Library sample titles:

IEEE Xplore Digital Library

IEEE Xplore includes top-ranked journals and technology research that is cited in patents three times more often than any other publisher. With more than 30% of the world's current literature in electrical engineering, electronics, and computer science, the IEEE Xplore digital library also provides:

- More than four million documents in full-text PDF format, with more than two million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- INSPEC® abstract and citation records
- New mobile-friendly design
- Daily content updates

About Now Publishers:

Now Publishers is an international press that has built a reputation among readers, authors, editors, and librarians worldwide as a source of trusted, peer-reviewed publications in business, economics, computer science, and engineering. With locations in Boston, Massachusetts, USA and Delft, The Netherlands, the company has contributors and subscribers in every country in the world conducting research.
