

SAE eBooks Library

Now available via the IEEE *Xplore*[®] Digital Library

IEEE has partnered with SAE International to bring the SAE eBooks Collection to the IEEE *Xplore* digital library. This new collection of high-quality eBook titles provides a quick, trustworthy introduction to emerging topics on aerospace, automotive, and commercial vehicle technology. The collection includes 200 titles dating back to 1990, and is an exceptional resource for graduate students, faculty, corporate engineers, and researchers.

SAE eBooks Library provides key benefits:

- **Drive new ideas**, designs, and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Accelerate innovation** and patent development with convenient access to proven research all in one place
- **Stay ahead of the technology curve** with the latest information, authored by leaders in the field
- **Increase productivity** by reviewing previous research without having to reinvent the wheel

SAE eBooks Library content areas:

- Power and Propulsion
- Advanced Manufacturing
- Electrification
- Automotive History
- Vehicle Cybersecurity
- Automated and Connected Vehicles
- Human Factors and Crash Research
- Additive Manufacturing
- Accident Reconstruction
- Aerospace Technology

SAE eBooks Library Quick Facts:

Access to 200 titles, with approximately 35 new titles introduced each year

Subject matter focuses on aerospace, automotive, and commercial vehicle technology

Cutting-edge information about the latest on emerging technologies with a strong focus on scientific and technological innovations

4,200+ individual chapters available

Backlist to 1990

Subscription Options:

Annual Subscription Option

Provides leased access to current year eBook titles, plus leased access to the backlist of 200 titles.

Purchase Option with Perpetual Access*

Provides perpetual access to current year eBook titles, plus perpetual access to the backlist of 200 titles. An option to expand the collection by purchasing new frontlist titles each year is also available.

SAE eBooks Library: Delivered through IEEE *Xplore*[®] Digital Library

Access respected research and trusted technology that generates results

IEEE *Xplore* includes top-ranked journals and technology research that is cited in patents three times more often than any other publisher. With more than 4.5 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

Find relevant research faster with powerful, easy-to-use search tools

The SAE eBooks Library is searchable via IEEE *Xplore* by title, keyword, or subject, which will return all titles and eBook chapters relevant to your query. Keyword or subject searching allows users to find the topic of interest easily at the chapter level, while a title search allows users to view an eBook title's home page with table of contents linking to full-text chapters.
