

# Access Two Prestigious Journals from China

Now Available in English from the IEEE *Xplore*<sup>®</sup> Digital Library

IEEE partnered with two technology institutes in China to deliver worldwide access to two highly regarded technical journals, now available in English with brand new content available exclusively through the IEEE *Xplore* digital library.

## *Tsinghua Science and Technology*

Published by the Tsinghua University Press

This international academic journal is published bimonthly and provides contributions from all over the world. The journal presents up-to-date scientific achievements in computer science, electronic engineering, and other IT fields, covering such emerging topics as cloud computing, smart grid, wireless sensor networks, and more.

For more information, visit [www.ieee.org/go/tupjournal](http://www.ieee.org/go/tupjournal)

## *Journal of Systems Engineering and Electronics*

Published by the Beijing Institute of Aerospace Information

Appearing bimonthly, this journal promotes academic exchanges of new technology and trends of science and technology worldwide. It reports the latest developments and achievements in systems engineering, electronics technology, other related research areas, and encourages various academic views.

## *Tsinghua Science and Technology* Quick Facts

1,800+ articles

Backfile to 1996

Six issues per year

2012 annual subscription price: US\$250

## *Journal of Systems Engineering and Electronics* Quick Facts

1,800+ articles

Backfile to 1990

Six issues per year

2012 annual subscription price: US\$250

These journals are available as add-ons to an IEL subscription or as stand-alone subscriptions.

# Journals from Chinese Publishers: Delivered through IEEE Xplore®

## Access respected technology research that generates results

IEEE Xplore includes top-ranked journals and technology research that is cited in patents nearly three times more than the nearest competitor. With nearly 3 million full-text articles and papers, IEEE Xplore is your gateway to 30% of the world's current literature in electrical engineering, electronics and computer science.

## Find relevant research faster with powerful search tools

IEEE Xplore combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more streamlined.

**Search:** Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module lets you modify and find results easier than ever before.

**Personalize:** You can also personalize IEEE Xplore to create targeted saved searches and receive e-mail alerts or RSS feeds of new content updates.

## IEEE Xplore also provides:

- Basic, Advanced & Command search options
- INSPEC® abstract/citation and bibliographic records
- Persistent links (OPAC)
- Weekly content updates

## Get the latest research in a wide range of technologies:

- Aerospace and Defense
- Biometrics
- Computer Hardware and Software
- Electronics
- Medical Devices
- Nanotechnology
- Optics
- Power Engineering
- Robotics
- Semiconductors
- Telecommunications
- Wireless Technology and more!
