SAE eBooks Library

Delivered through the IEEE *Xplore*® Digital Library

IEEE has partnered with SAE International to bring a collection of eBooks to the IEEE *Xplore* Digital Library

This high-quality collection of eBook titles provides a quick, trustworthy introduction to emerging topics on aerospace, automotive, and commercial vehicle technology. With more than 355 titles dating back to 1990, it is an authoritative resource for graduate students, faculty, corporate engineers, and researchers.

SAE eBooks Library content areas:

Take advantage of detailed content related to design, systems, engines, materials, and new technologies to support research and product development, with an emphasis on leading areas of applied research, such as:

- Accident Reconstruction
- Additive Manufacturing
- Advanced Manufacturing
- Aerospace Technology
- Automated and Connected Vehicles
- Automotive History
- Electrification
- Human Factors and Crash Research
- Power and Propulsion
- Vehicle Cybersecurity

A sampling of some recent and popular titles:

- *By the Numbers: Principles of Automotive Parts Management*
- *Careers in Aerospace: A Student's Guide to the Sky and Beyond*
- *Critical Mass: The One Thing You Need to Know About Green Cars*
- *Energy Efficiency of Vehicles, Second Edition*
- *Fires in Conventional and Electrified Vehicles: Theory, Prevention, and Analysis*
- *Sustainable and Affordable Mobility for All: Putting the Heart Back into Technology*

Quick Facts

Access to the backlist of more than 355 titles. Frontlist titles are not available.

Subject matter focuses on aerospace, automotive, and commercial vehicle technology

Content provides a strong focus on scientific and technological innovations

6,600+ individual chapters available

Backlist to 1990

KBART/MARC records available via the OCLC website (OCLC.org)

Available as an add-on to existing subscriptions or as a stand-alone product*:

Annual Subscription Option
Provides leased access to the backlist of over 355 titles.

Purchase Option with Perpetual Access**
Provides perpetual access to the backlist of over 355 titles.

*Territory restrictions may apply in certain markets. Contact an IEEE Sales Representative to learn more.

**Perpetual access to the collection is offered via IEEE *Xplore*

For a complete list of titles included in the collection, visit www.ieee.org/sae-ebooks

For a custom quote, contact an IEEE Sales Representative.

SAE eBooks Library

Delivered through the IEEE *Xplore*® Digital Library

Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents 2.5 times more often than any other publisher.** With more than 7 million full-text documents, IEEE *Xplore* is your gateway to approximately 30% of the world's current literature in electrical engineering, electronics, and computing.

Find relevant research faster with powerful search tools

The eBook collections hosted in IEEE *Xplore* are searchable by keyword, publisher, title, or topic, allowing users to easily find their subject of interest. Depending on the collection, eBooks are available to be downloaded as full chapter PDFs or full book PDFs.

IEEE *Xplore* also provides:

- More than 7 million documents in full-text PDF format, with over five million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- Abstract/citation and bibliographic records for subscribed content
- Mobile-friendly design
- Daily content updates

About SAE International:

Known as an authoritative resource by top engineering companies and universities around the world, SAE International is a global association of more than 128,000 engineers and related technical experts specializing in the aerospace, automotive, and commercial-vehicle industries.
