World Scientific Engineering eBooks Library

Delivered through the IEEE *Xplore*® Digital Library

Delve into the latest in engineering and computing topics

Stay informed on a wide range of EE and computing technologies with this specially curated collection of high-quality eBook titles from World Scientific Publishing. With over 275 titles dating back to 2011, this collection provides essential information applicable for engineers, researchers, technical professionals, and graduate students.

World Scientific Engineering eBooks Library content areas:

This collection of eBook titles emphasizes specific content in engineering technology, such as:

- Artificial intelligence
- Communication systems
- Control Systems
- Electromagnetics
- Electronic circuits and circuit design
- Electronic packaging
- Heat transfer/thermal management
- Nanoelectronics
- Photonics
- Robotics
- Semiconductors
- Sensing technologies
- Wireless communication

A sampling of some recent and popular titles:

- *A Practical Guide on Security and Privacy in Cyber-Physical Systems: Foundations, Applications and Limitations*
- *Dynamics, Control, and Synchronization of Nonlinear Systems*
- *Introduction To Data Science for Engineering Students*
- *Photoluminescence Spectroscopies for Advanced Semiconductors and Quantum Structures*
- *Nanoelectronics, Nanophotonics, and Quantum Technologies: Devices and Applications*
- *Semantic Computing and AI: Transforming Knowledge Into Intelligence*
- *Wave Scattering Theory for Small Bodies of Arbitrary Shapes*

Quick Facts

Access to more than 275 titles, with up to 20 new titles introduced each year

Topics include artificial intelligence, electromagnetics, electronic circuits, nanoelectronics, photonics, robotics, semiconductors, and more

Available as full books that can be downloaded in PDF and ePub formats

Backlist to 2011

DRM-free: Users can print, copy, paste, and download chapter PDFs

KBART/MARC records via the OCLC website (OCLC.org)

Available as an add-on to existing subscriptions or as a stand-alone product:

Annual Subscription Option

Provides leased access to current year eBook titles, plus leased access to the backlist of over 275 titles.

Purchase Option with Perpetual Access*

Provides perpetual access to current year eBook titles, plus perpetual access to the backlist of over 275 titles. An option to expand the collection by purchasing new frontlist titles each year is also available.

*Perpetual access to the collection is offered via IEEE *Xplore*

For a complete list of titles included in the collection, visit www.ieee.org/wsp-ebooks

For a custom quote, contact an IEEE Sales Representative.

World Scientific Engineering eBooks Library

Delivered through the IEEE *Xplore*® Digital Library

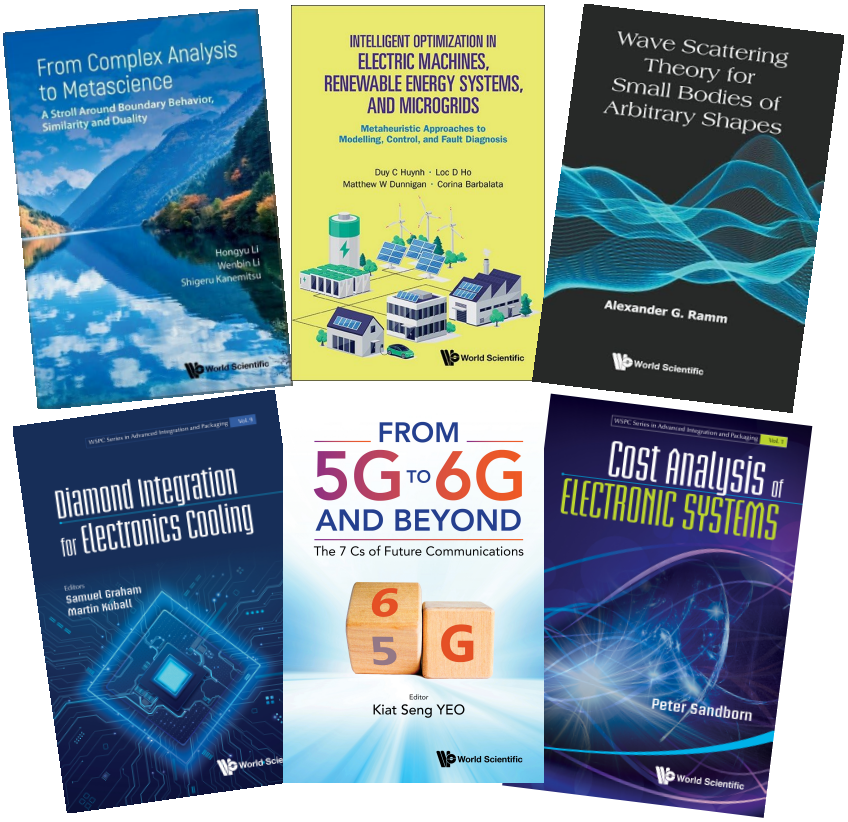

Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents 2.5 times more often than any other publisher.** With more than 7 million full-text documents, IEEE *Xplore* is your gateway to approximately 30% of the world's current literature in electrical engineering, electronics, and computing.

Find relevant research faster with powerful search tools

The eBook collections hosted in IEEE *Xplore* are searchable by keyword, publisher, title, or topic, allowing users to easily find their subject of interest. Depending on the collection, eBooks are available to be downloaded as full chapter PDFs or full book PDFs.

IEEE *Xplore* also provides:

- More than 7 million documents in full-text PDF format, with over five million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- Abstract/citation and bibliographic records for subscribed content
- Mobile-friendly design
- Daily content updates

About World Scientific Publishing:

Founded in 1981, World Scientific is headquartered in Singapore with offices in New Jersey, London, Geneva, Tokyo, Hong Kong, Taipei, Beijing, Shanghai, and Chennai. World Scientific Publishing has established itself as one of the world's leading academic and professional publishers and is recognized as the largest international scientific publisher in the Asia-Pacific region. World Scientific is also a key partner of the Nobel Foundation, Fields Medal, Wolf Foundation, US National Academies of Science, Engineering & Medicine, and the Shaw Prize.
