

## IEEE-Wiley eBooks Library MARC Records

IEEE has partnered with OCLC to create enriched MARC records for each title in the **IEEE-Wiley eBooks Library**. Please follow the instructions below in order to access the MARC records via the OCLC website.

*Step-by-step instructions:*

1. To view a list of available MARC record sets, visit <http://collectionsets.oclc.org/JustLooking?cmd=displayElectronicSets>
2. Scroll down the page until you reach IEEE Xplore Books (Electronic). Click on this link.
3. You will arrive at a landing page that lists subset, cataloguing, and custom call number information. At the top of this page, click on **Web Order Form**.
4. You may use your cataloging or FirstSearch authorization and password to access your record set.
  - a. For example, most libraries will have an authorization and password for OCLC's Connexion cataloging software that can be used to access IEEE-Wiley eBooks Library MARC records.
  - b. Libraries not having such an authorization may use the PDF version of the form linked from the Web form at [http://collectionsets.oclc.org/forms/wcs\\_orderform.pdf](http://collectionsets.oclc.org/forms/wcs_orderform.pdf). That form may be emailed to OCLC at [orders@oclc.org](mailto:orders@oclc.org) for processing.

If you have any questions, or suggestions for ways to further enrich these records, please contact Gordon MacPherson (IEEE Senior Product Manager, eBooks) at [g.macpherson@ieee.org](mailto:g.macpherson@ieee.org).

*"OCLC (Online Computer Library Center) is a not for profit computer service and research organization whose systems help libraries locate, acquire, catalog, and lend library materials."* [www.oclc.org/](http://www.oclc.org/)
